## Care Instructions

Xorel yarns are non-absorbent; dust and stains cannot penetrate them.

Regular maintenance will keep the fabric looking new for many years. Periodic vacuuming will remove dust that may settle between the yarns.

Most stains that dry between the yarns or on the surface can be eliminated by wiping the fabric with a cloth moistened with hot tap water. Some stains may require additional treatment. These stains can be cleaned with a variety of water or solvent based cleaners.

When using solvent based cleaners on paperbacked Xorel fabric, test on a small area first. Residue from these cleaners must be removed with hot water and a clean sponge. After cleaning, towel dry.

Hardened solids can be removed with stiff brush or a sharp-edged instrument without damaging the fabric. However, the brush or sharp instrument should not be used close to seams.

Hospital grade disinfectant cleaners can be safely used on Xorel fabrics. Always follow the directions for the specific brand being used as contact times may vary depending on the product. Diluted bleach solution (up to 40%) can also be used on Xorel for disinfecting purposes.

Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.

## Additional Comments

Xorel is a multi-tasking material being equally suited as a direct applied wallcovering, wrapped panel material or as an upholstery solution. In addition, it is notable for its versatility in a wide range of projects; wherever both beauty and performance are required.

X Protect Wall prevents stains and other substances from reaching the foam or paper backing.

X Protect Sit increases cushion protection and enhances Xorels superior performance attributes.

With X Protect, Xorel is 100% moisture repellent.
