| Suggested Installation | Go to Technical Documents and download the Installation Guide for more details.                                                                                                                                                                                                                                                                                                                                                                                                      |
| Care Instructions      | <p>Vacuum to remove dust.</p> <p>Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.</p> <p>For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry.</p> <p>Always test in an inconspicuous area first and if you don't see the expected results, contact us.</p> |
| Warranty               | Visit FAQ for more details.                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
