## Fire Rating

Tested in accordance with AS1530.3

Spread of Flame Index - 0

Smoke Developed Index - 5

---

## Lead Time

- 2-weeks (approx.) from Wednesday, subject to stock availability.
  - Additional 1-week for Western Australia.
  - Express delivery is available subject to a surcharge. Contact Baresque for details and pricing.
- 

## Care Instructions

Mix 5 parts water with 1 part of an enzyme laundry detergent to have a mixture that works well on all stains.

Most liquid spills simply blot off the surface with a dry towel. If a stain remains, follow these simple steps:

1. Remove excess soil, and apply the soap mixture on the stained area
2. Allow solution to remain on stain for 1 minute
3. Blot up the stain with a dry, clean towel, rinse any remaining soap and blot the area again

Repeat these steps if a spot still remains. If agitation is necessary, spray the stained area and work the stain using a soft brush or edge of spoon from outside of spot toward the middle. Blot and rinse to remove any soap.
